
EXPERIENCE

Assistant Professor

July 2025 – Present

KIET Group of Institutions, Ghaziabad, in the Department of CSIT

- Teaching undergraduate students in core Computer Science and Information Technology subjects, including Machine Learning, Deep Learning, and Computer Vision.
- Supervising student projects and mentoring them in research-driven approaches.
- Engaged in departmental academic activities, curriculum design, and FDP/Workshop organization.
- Continuing research in the areas of Image Processing, Deep Learning, Computer Vision, Pattern Recognition, and NLP.

AWS Machine Learning Intern

May 2024 – Oct 2024 [Certificate](#)

- Worked on developing and deploying ML models in AWS cloud environments to solve real-world business problems.
- Gained practical exposure to AWS SageMaker, data pipelines, and model optimization.

Teaching Assistant

July 2024 – June 2025

Malviya National Institute of Technology, Jaipur

- Assisted in teaching undergraduate Computer Science courses, including Data Structures, Machine Learning, and DLD.
- Guided lab sessions, prepared assignments, and evaluated coursework.

PROJECTS

Research Paper

February- 2026

- Liver Cancer Detection Using UNet, CapsNet, and Vision Transformer(Conf Paper Presented in IEEE Transactions).

M.Tech Dissertaion

June 2025

- Non-Maximum Suppression-Free Object Detection to Enhanced Accuracy in Dense Environments.
- **Tools Used:** YOLO, Python, OpenCV, Numpy, Pandas.

AI-Powered Postural Data Analysis

Sept 2024 [Github](#)

- Developed a system to analyze and classify human postures using AI techniques to improve strong, health monitoring, and injury prevention.
- **Library Used:** Python, OpenCV,mediapipe, Pandas, Matplotlib,

Real Chat Group Talk

July 2024 [Github](#)

- Developed a real-time communication platform for group chats, Supports instant messaging.
- **Tools Used:** React Js, Node Js, Express Js, MongoDB, Deployment(render)

E-Commerce Web Application(SRS)

Apr 2024 [Github](#)

- It facilitates user-friendly online shopping, allowing customers to browse, add to cart, and purchase the product
- **Tools Used:** Django, React.js, SQLite, Locust, Pytest, Deployment(Python Anywhere)

EDUCATION

- **Malaviya National Institute of Technology (MNIT) Jaipur** 2023 - 2025
M.Tech, Computer Science and Engineering, CGPA: 7.32
- **Bengal College Of Engineering and Technology, Durgapur** 2018 - 2022
B.Tech, Computer Science and Engineering, CGPA: 8.51

TECHNICAL SKILLS

- **Programming Languages:** C, C++ , Python , OOPs
 - **Developer Tools:** HTML, CSS, JavaScript, Git/Github, VS Code, Docker & Kubernetes
 - **Cloud/Database:** SQL, MySQL, MongoDB
 - **Operating Systems:** Windows, Linux
 - **Software Engineering:** SDLC, Agile, Scrum Development Methodology.
 - **Data Science:** AI/ML, NLP, CV, LLM.
-

POSITION OF RESPONSIBILITY

- **Student Volunteer:** MNIT Jaipur Technical & Cultural Fest 2023 - 2024
 - **Club Joiner:** NSS, Bengal College of Engineering & Technology 2019 - 2022
-

ACHIEVEMENT

- Gate Qualified in 2023, secure 40.67 Marks out of 100, AIR-4909 **2023**
 - UGC NET Qualified in June 2025 **June 2025**
 - Solved 500+ Leetcode Problems **Leetcode**
-

CERTIFICATIONS

- Basic C++ on Udemy Sept 2020 **Udemy**
- JavaScript on Infosys Springboard November 2024 **Infosys**
- Microsoft Excel on Coursera May 2024 **Coursera**
- Artificial Intelligence on Infosys Springboard Aug 2024 **Infosys**
- SQL Basic Coding on HackerRank Jun 2024 **HackerRank**
- FDP on Machine Learning With Python Aug 2025 **IIT Kanpur**
